Provider Portal Registration

As of May 13, 2024, the updated Provider Portal is now available on the Medi-Cal Dental website with features to improve the provider experience. The previous portal is no longer available. Providers will need to complete a new [registration](#) on the new [Provider Portal](#). Providers can access the [user guide](#) on the Provider Portal webpage. The [Provider Portal Registration Guide](#) can also be a great resource for a quick overview on how to register.

If you received an email and are having difficulty registering the credentials you received, you can make a new registration with your previously used or a new email address by accessing the new registration page and completing a new registration. The website to register for a new user account is located at:

<https://dental.dhcs.ca.gov/Providers/ProviderPortalRegister>.

Providers who experience technical difficulties accessing the Provider Portal may email Medi-CalDentalWebAppTechSupport@gainwelltechnologies.com for assistance.
